The price includes the design

OLD OAK

Antique flair and contemporary designs make use of wood's varied textured, light and dark effects, and shapes can open or define a space.

These are just a few of the ideas featured in the Classic collection floors.

The modules can be composed in combinations and innovative contrasts to furnish spaces with the sensibility and taste of those who choose them.

BRONZE AND LEATHER

Couture & Bespoke Services

Having sourced the most exquisite semi-precious stones and found the best master craftsman, the leather and metal tile program also offers a couture and bespoke option for clients seeking jewellery like quality and totally bespoke floors or walls.

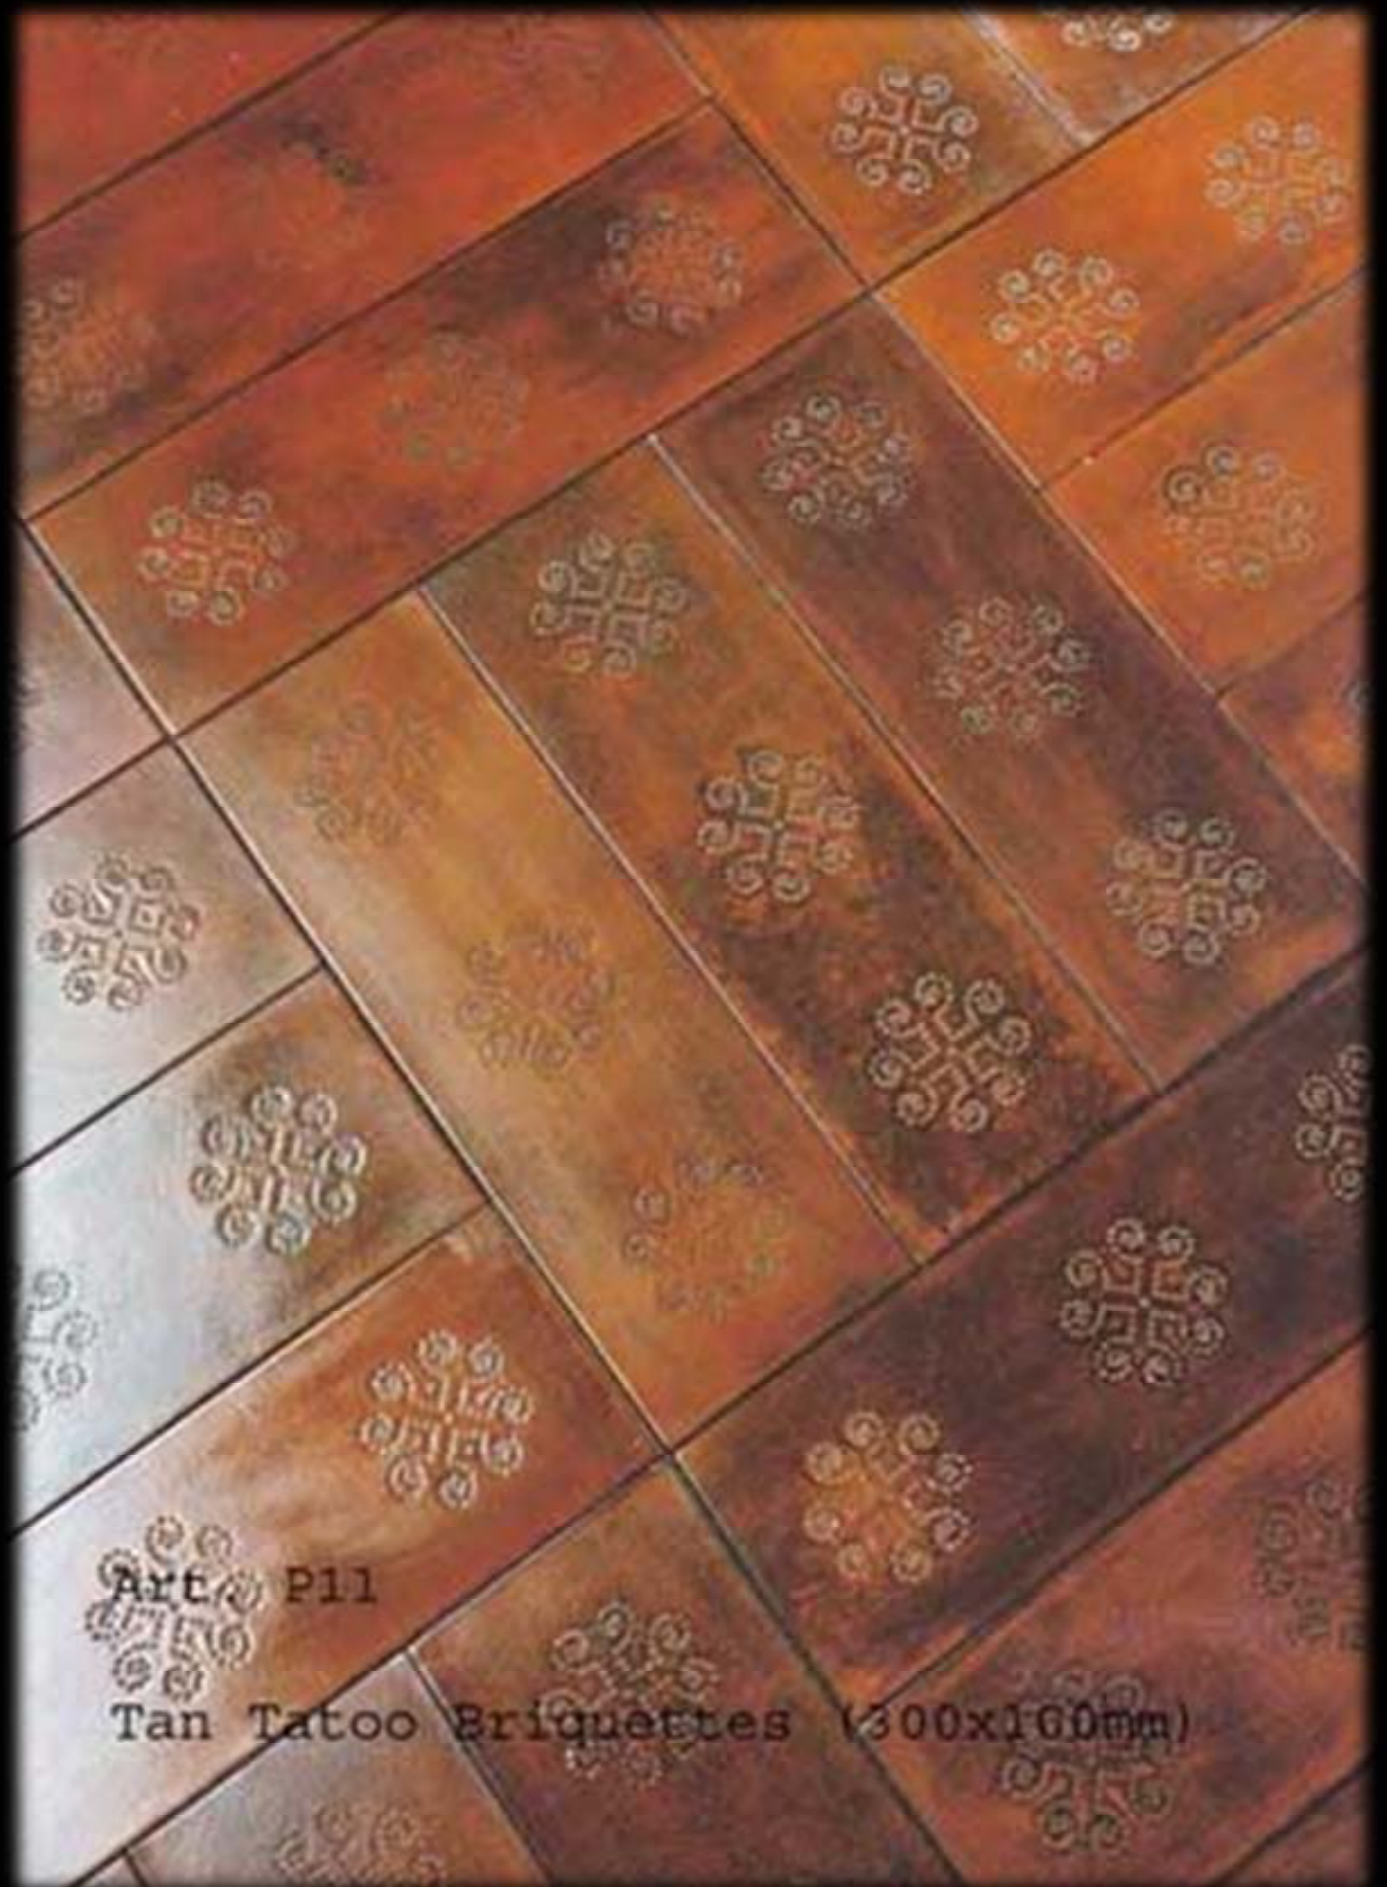

Semi-precious stone cabochons can be laid in between the tiles to achieve the most individual and ultimately luxurious finishes. With a variety of existing patterns to choose from, such as birds and rosettes, clients may also specify the gems and pictures should they wish to enjoy this beautifully finished product.
